

Education

Siksha 'O' Anusandhan University, Bhubaneswar

Bachelor of Technology (B.Tech) — Computer Science and Engineering

CGPA: 8.27 / 10

Guidance English Medium School, Bhubaneswar

Higher Secondary (12th)

83%

DAV Public School, CDA, Cuttack

Secondary (10th)

85%

Experience

Self-Learning and Development

Full Stack Development and DevOps Enthusiast

- Built full-stack web applications using the **MERN stack**, focusing on functionality and clean design.
- Practiced **Data Structures and Algorithms** to strengthen problem-solving skills and coding efficiency.
- Explored **DevOps concepts**, including CI/CD pipelines using **Jenkins**.
- Developed backend systems and RESTful APIs for efficient data handling.

Projects

Rental Management System (Full Stack)

MongoDB, Express.js, React.js, Node.js

- Designed and developed a full-stack rental management web application for handling property listings and bookings.
- Implemented **user authentication** and **role-based access control**.
- Built RESTful APIs for managing users, properties, and booking data.
- Developed a responsive frontend interface for improved user experience.
- Implemented input validation and error handling to improve application reliability.
- Optimized API performance and database queries for efficient data processing.

Relevant Coursework

Data Structures, Algorithms, Database Management Systems, Operating Systems

Skills

Programming: Java, C, C++, Python, JavaScript

Web Development: HTML, CSS, React.js, Node.js, Express.js

Databases: MongoDB

Core Concepts: Data Structures & Algorithms, Problem Solving

Tools & Technologies: Git, GitHub, REST APIs, Jenkins (CI/CD), NumPy

Certifications

- Data Structures and Algorithms in Java — Apna College
